

MAESTROLOTO

SKU:ML04

- CATEGORY: Wheeled Cable Lock
- Size: 2.4 Meter
- Cable Type: Steel
- Color: Red
- Quantity: Pcs

Product Features

- Full shield wheel cable locks provide an ideal, cost-effective, and simple solution for locking most types of valves, industrial machinery, etc.
- The main advantages are that this universal cable lock system is reusable, lightweight, reliable, and the rope is made of a highly corrosion-resistant material.

Product Description

- Material: engineering plastics.
- Use steel wire rope with a length of 2m/2.4m and a diameter of 3.8mm, with a layer of UV-resistant PVC coating.
- The rope can be customized with different lengths and colors.
- It can realize 6 safety padlocks with a lock beam diameter of $\leq 7\text{mm}$.
- Use 2.4m steel cable with UV resistant PVC layer.

Product Dimension

Lock body color	red
-----------------	-----

Lock body material	Reinforced nylon
Cable color	red
Cable diameter	3.8mm
Rope material	stainless steel
Rope coating/surface treatment	PVC coating
Cable length	2m/2.4m
Maximum number of padlocks	8 pcs
Maximum usable lock beam diameter	7mm
Whether or not there is a cable	be
wrap	Carton packing
Type of risk	Mechanical risk

Application scenarios.
